

WORLD DAIRY EXPO 2022 SHOWRING CHANGES

SHOWRING DESIGN

As heifer classes at World Dairy Expo continue to grow, the Dairy Cattle Exhibitor Committee deemed changes to the Showring necessary beginning in 2022. While honoring the history of the Showring, the theme displays will transition to a 2-dimensional format, adding 15-20 feet of Showring space for cattle presentation. The west rail along the Showring floor will also be removed providing an additional 10 feet of exhibit space.

BREED SHOW ROTATION *updated 12/2/21. Breeds in red included in rotation schedule.
