

Stalling Request Form

The stalling request form must be completed for all animals on grounds. A completed stalling request is needed when requesting stalling "with" another farm/exhibitor. A string is defined as: By consent of all owners, animals are interspersed within a row that must share tack, feed, bedding, clipping space and crew.

Review NEW Grounds & Electrical Safety and Feed & Bedding Storage regulations, page 10 of the Premium Book.

Strings with between 5 and 14 head are limited to 1 tent or booth. Strings with 15 and more head may have 1 tent and 1 booth. Tent/Booth purchases must be made with entries by September 2. Thereafter, Tent/Booth purchases are limited to availability and no purchases after September 11.

Stalling locations will be assigned for animals on grounds only, not number of animals entered. Stalling locations will be confirmed when animals arrive on grounds.

The superintendents may not be able to honor all stalling requests.

Submit one form per string of animals.
